To: Representatives of IFCC Corporate Members

Dear Colleagues,

The Education and Management Division (EMD) is a key resource for all members of IFCC. EMD facilitates the development of managerial skills, supports educational activities in laboratory medicine and offers critiques, advice and cutting-edge expertise on issues and problems related to laboratory management, teaching and education. EMD provides many of these educational, teaching and consultative services through its Committees.

We are inviting nominations for one Corporate Member position on Point of Care Testing (C-POCT) for the term of office 2027-2029.

The candidates should have extensive experience in the area of work of the Committee. For further information, please visit:
https://ifcc.org/ifcc-education-division/emd-committees/c-poct/

Much of the work of all EMD committees is conducted by email, but C-POCT meets in person once per year.

All Corporate Members are requested to encourage appropriate members to apply for this position. Applicants who are not selected as members may be eligible for corresponding membership.

Nominations should be directly sent to the IFCC Office (cardinale@ifcc.org)
by 30 November 2026.

The information must include:

- Letter of support from the Company;
- Short Letter of motivation from the candidate describing why they would like to work with the C-POCT
- Curriculum Vitae of the nominee describing the professional and/or academic career (including a list of publications), particularly highlighting the issues which could be important for the selection.

We look forward to receiving your replies.

Yours sincerely

Vanessa Steenkamp
Chair, IFCC EMD
